

## SECTARIAN SCHOOLS ARE TALKED OVER

LIVELY DEBATE IN THE HOUSE  
THURSDAY.

**Legislators Reverse Their Former Attitude—Senate Talks of Postmaster—Silver Question Interferes With the Admission of New States—General News of the Capital.**

Washington, April 3.—The question of appropriating public money for private or sectarian institutions, which was debated for several days during the consideration of the District of Columbia appropriation bill in connection with some appropriations for charitable institutions in Washington, was again fought over for four hours in the house Thursday. The bone of contention was the Howard university, a colored institution of Washington, for which an appropriation of \$32,600 was inserted in the sundry civil bill Wednesday on motion of Mr. Evans (rep., Ky.). Mr. Hainer (rep., Neb.), in whose temporary absence the amendment was adopted, rallied his forces against the appropriation, on the ground that it was both a private and a sectarian institution, a school of theology being maintained by the university. The appropriation was coupled with a proviso that no part of it should be used for religious teaching, but Mr. Hainer insisted that it could not be denied that it was in a sense a religious institution.

Mr. Cannon, Mr. Evans and other members who supported the amendment, on the other hand, declared that they were opposed to appropriating public funds for sectarian institutions, but argued that the proviso freed it from this criticism. The house voted 129 to 105 to retain the appropriation, thus in a measure reversing its action when the district bill was up.

An analysis of the vote shows that 107 republicans, nineteen democrats and three populists voted for the amendment, and fifty-five republicans, forty-seven democrats and three populists against it. The sundry civil bill as amended was passed. Today the house will take up the conference report on the Cuban resolutions.

A resolution of inquiry, presented by Mr. Hitt, chairman of the foreign affairs committee, was adopted without debate, calling on the president, if not incompatible with the public interest, to transmit to the house copies of all dispatches, notes and telegrams in the state department from December 1, 1895, until the present time, relating to mediation or intervention by the United States in the affairs of Venezuela, together with all correspondence with foreign governments relating to the same topic. Mr. Hitt stated that his committee had unanimously reported the resolutions.

### QUARREL OVER SILVER.

**To Admit Arizona and New Mexico Will Disturb the Balance.**

Washington, April 2.—Thursday's meeting of the house committee on territories was devoted to a discussion of the Arizona and New Mexico statehood bills and the committee failed to arrive at a voting stage. The only test vote was that upon the consideration of the bills, and it was carried by a vote of 6 to 5.

Mr. Taft during the discussion declared that congress could not blind its eyes to the fact that the admission of the two territories would add four votes for free silver to the senate. He argued that it was not fair that the existing status of the union should be changed in the midst of a great controversy like the financial question; that the question should be settled by the union as it now stands, and that sound money should not be handicapped by new silver states. He also charged that 25 per cent of the inhabitants of Arizona and 33 per cent of New Mexico are illiterates.

Mr. Owens of Kentucky said that territories whose areas were greater than that of New England and population less than that required for a congressional district were unfit for statehood. He also attacked the system of representation proposed for the constitutional convention of Arizona as a partisan one devised to further republican interests.

Mr. Avery held that the only questions to be considered were the qualifications of the territories for statehood and Mr. Harris argued that the silver question should not be brought into the controversy.

### IN THE SENATE.

**Animated Debate on the Question of Regulating Postoffices.**

Washington, April 3.—The postoffice appropriation bill served to bring out some sharp discussion in the senate Thursday on the propriety of abolishing country postoffices and absorbing them as branches of city offices. Mr. Gorman opposed the plan as undemocratic. It was said Mr. Gorman, part of the prevailing tendency of the world to absorb power and place it in the hands of a few men. Those small postoffices were local institutions, the postmaster was one of the local people, and the people did not want their offices absorbed by the great city offices. Mr. Gorman declared that this consolidation was undemocratic and un-American. After a speech by Mr. Elkins, advocating subsidies and other means of extending American commerce on the seas, the postoffice bill went over.

During the day Mr. George closed his speech, covering three days, in opposi-

tion to Mr. Dupont's claim to a seat. The resolution for investigating the bond sale again went over, on Mr. Hill's objection.

### Mr. Sherman Wants a New Flag.

Washington, April 3.—Mr. Sherman introduced a bill which provides for the use of a flag by the army and navy after the year 1900 which shall be of uniform proportions and have the same arrangement of stars. It prescribes that the blue field shall be square and two-fifths the length and seven-thirtieths the width of the flag, having in it one white star to represent each state of the union. There are to be three stars in each corner and a central star, around which shall be entwined a sufficient number of stars to bring the total up to the requisite number. The stripes are to be of equal width.

### INDIAN BILL READY.

**Appropriation Increased by the Senate Committee.**

Wednesday, April 3.—The senate committee on appropriations Thursday completed the consideration of the Indian appropriation bill. The house inserted an explicit provision that none of the money appropriated for schools should be used in the support of sectarian schools, but provided for appropriations for the school at Hampton Roads, Va., and for Lincoln Institution at Philadelphia. The senate committee struck out these appropriations and also increased the appropriation for the purchase or lease of school property to the extent of \$10,000, making the total appropriation for this purpose \$140,000. The purpose of this increase is to supply means to purchase the property of sectarian institutions devoted to the education of Indians. The appropriation for the support of day and industrial schools was also increased \$100,000, making the total for this purpose \$1,285,000.

### URGES CHICAGO METHODS.

**Lindon W. Bates Says Nicaragua Canal Work Can Be Cheapened.**

Washington, April 3.—Some features of the engineering work upon the Nicaragua Canal were discussed on Thursday before the house committee on commerce from the standpoint of engineers experienced in large enterprises. Excavating and dredging was discussed by Lincoln W. Bates, of Chicago, who described the dredging machines and dredging operations on the Chicago drainage canal, and asserted that by the same machinery and methods the work on the Nicaraguan Canal could be done for less than the company's estimates. The construction of the canal, he said, would inaugurate a new era for the Pacific coast and greatly increase the earnings of the railways of that section.

### International Exposition at Brussels.

Washington, April 3.—The department of state has received an invitation through the Belgian minister for the participation by the United States in the international exposition to be held at Brussels, beginning April 24, 1897, and closing Nov. 1 of the same year. The secretary of state in a letter to the secretary of the treasury has recommended that congress be asked to appropriate the sum of \$35,000 to enable this country to be properly represented by a commission.

### May Unseat the Colored Member.

Washington, April 3.—The Murray-Elliott election contest from the First district of South Carolina was practically decided Thursday by an understanding reached by the house election committee, which has the case in charge, that the present member, William Elliott, who is a democrat, be permitted to retain his seat. This is a reversal of the recommendation of the sub-committee, which reported in favor of seating George Washington Murray, the colored contestant.

### Floods in New York State Continue.

Tonawanda, N. Y., April 3.—A compound hurricane and cyclone visited the Tonawandas Thursday afternoon and evening. It did damage to the lumber yards and property in the flooded district. The new barge Potomac broke from its fastenings at the dock and floated down Niagara river. There is nothing to prevent the barge from being dashed to pieces on the rocks. The flooded district between here and Lockport is receiving more than its share of damages. The water in the canal, aided by the gale, is rising at an alarming rate, and the farmers apprehend another destructive washout. Rochester and Utica are also suffering from floods.

### Will Decline a Third Term.

New York, April 3.—A Washington special to the Journal says that President Cleveland has written a letter stating positively and without conditions that he will not, under any circumstances, accept a nomination for a third term. The letter speaks of the public and of the party need of standing firmly by sound money, and declares against the slightest concession to silverism, whether at 16 to 1 or a less turgid ratio. It reiterates all of Mr. Cleveland's old position in favor of tariff reform on tariff-for-revenue-only lines.

### Seventy Insurgents to Be Shot.

Havana, April 3, via Key West, Fla., April 2.—The court-martial is busy in various parts of Havana province, and death sentences were recently passed on seventy captured insurgents, who will soon be shot.

## SECOND GREAT FIRE AT BRUNSWICK, GA.

THE CITY WAS THREATENED  
WITH EXTINCTION.

**Disaster of Many Years ago Repeated Thursday—Property Valued at \$500,000 Destroyed By Flames—Oxford, Mich., Badly Scorched—Flames Visit Oskany Falls, Mass.**

Brunswick, Ga., April 3.—Several years ago this town was visited by a conflagration which destroyed it, and on Thursday the disaster was almost repeated. A fire started at 1:30 p. m., which swept away many of the most prosperous business enterprises of Brunswick, and for a time it was feared the whole town would be in ashes. The total loss is conservatively estimated at about \$500,000, and the insurance is placed at \$400,000. A strong wind forced on the flames, and the local fire department became powerless, so that assistance was telegraphed for to Savannah, Waycross and Jacksonville, whose departments promptly responded that they would send aid.

At 4:30 the fire was under control. One life was lost. Charles Smith, an employe of the Brunswick & Western railroad, was overcome by the heat and died.

The flames started on the Brunswick & Western railroad wharves, two large warehouses, a number of cars, including the freight contained therein, were consumed, entailing a loss to the company of \$200,000, partially insured. The extensive property of the Downing company, dealers in naval stores, became ignited and the structure with its valuable stock was consumed. Their loss is estimated at \$200,000, almost covered by insurance. The flames then swept up Bay street and a large portion of the business section of the town was in danger. As it was, some thirteen stores, including the stock, was demolished, the loss on these being about \$100,000; insurance, \$70,000. The fire spread to the Ocean hotel, but did not make much headway there, the loss to the hotel being about \$20,000.

The territory destroyed is in a neighborhood thick with wooden buildings and was easy prey for the fire. The Brunswick & Western railroad wharf fronts Brunswick river, or more properly Oglethorpe bay. Adjoining this wharf is St. Simon's wharf and next door is Downing's naval stores yard filled with 2,000 packages of resin and barrels of turpentine. This is a very large wharf and is crowded with shipping. Across Bay street from Downing's and to the east is the Ocean hotel, a three-story wooden frame structure.

### Heavy Fire Loss at Oxford, Mich.

Oxford, Mich., April 3.—The fire which broke out about 1 o'clock Thursday morning in Paul F. Rice & Co.'s drug store proved the most serious the town ever had. The loss is over \$10,000. The buildings destroyed were frame and will be replaced by brick structures. The guests in the Commercial hotel were badly frightened when the fire broke out and fled to the street in their night attire, but had time to return for their belongings, as the hotel was only partially burned.

### Flames Visit Oskany Falls, N. Y.

Utica, N. Y., April 3.—Fire at Oskany Falls destroyed an entire business block. The opera house, Union school and Sargent house were badly damaged. Loss, \$40,000.

### KILLED A MADMAN.

**He Leads a Five-Hour Chase at Elliott, Ill.**

Elliott, Ill., April 3.—At 10 a. m. Thursday a man fell backwards from the steps of a passenger train going eastward on the Lake Erie road, his head striking on a tie. Apparently crazed by the blow, he got up and told those around him that some men were going to kill him. He then started to run across the fields. A number of persons started in pursuit. The man soon turned, and drawing a revolver, which he flourished, he held the crowd at bay. He fired several shots, hitting no one, and then resumed his flight. Shots were fired at him by members of the pursuing party, and he was hit in the knee and head. He was captured and taken to a farm house, where his leg was amputated. The unfortunate man died at 6 p. m.

The man's name was John Franklin and his home was at Fort Recovery, Ohio. He had been en route with his wife to St. Louis. His wife was taken sick and at Bloomington they turned back, and were returning to Ohio when he fell from the steps of the train here.

### Attempt to Wreck a State Capitol.

Jackson, Miss., April 3.—An attempt was made Wednesday night to wreck the state capitol. Efforts were made during the recent session of the legislature to provide for a new building, but nothing was done in the matter, and it is thought some miscreants took this means of securing immediate action.

### Rich Corporation Censured.

New York, April 3.—A coroner's jury brought in a verdict censuring the Trinity corporation, owners of the tenement building in Hudson street in which five persons lost their lives by suffocation in a fire which occurred last Sunday, for not providing fire escapes for the structure.

## KILL THE SETTLERS ON THEIR FARMS

MATEBELES CONTINUE THEIR  
RAIDS.

**Sharp Skirmish Between Volunteers and the Rebellious Savages—Cecil Rhodes is Expected to Take the Field—Kruger Not Likely to Help Great Britain.**

Cape Town, April 3.—Dispatches received from England say that preparations are being made to send reinforcements of 5,000 regular troops here at short notice, should such a step be necessary, and it is said that 5,000 additional troops can be hurried here from India in very short time. These announcements have had a calming effect upon the public mind, and there is not so much loud talking upon the part of the burghers and their advisers.

A delayed dispatch from Bulawayo, dated Tuesday last, says that Capt. MacFarlane, in command of a mounted patrol, has had a skirmish with a band of rebellious Matabeles at Queen's Reef, Dembesi. The natives are reported to have attacked the troops in fine style with assegais, and in a hand-to-hand encounter they were beaten off, leaving thirty killed. Capt. MacFarlane's party lost one horse and several white troopers killed, but the number of the latter is still in doubt. The patrol, however, made a gallant stand against overwhelming odds and had the best of the skirmish. A number of murders of white settlers by natives are reported, and the rebellion seems to be spreading.

Mr. Cecil Rhodes had not reached Bulawayo when the foregoing dispatches were sent, but he was expected hourly, and was understood to be bringing with him a large force of volunteers escorting a wagon train loaded with arms, ammunition and supplies.

Nobody here puts any faith in the report that the Boers have offered to assist the British in quelling the rebellion in Matabeleland. When the rumor is mentioned people shrug their shoulders and say that if such an offer was made it was certainly done in a spirit of sarcasm. The Boers have important matters of their own to attend to just now, and are very unlikely to take any step which may strengthen the hands of the British administrators. Besides, it is believed that Mr. Rhodes is about the last man in South Africa the Boers would help out of a hole.

### REFUSES TO WAGE WAR.

**Mark Hanna Declines to Encourage a Fight on Senator Allison.**

Des Moines, Iowa, April 3.—The friends of McKinley are circulating the constitution of a McKinley club in this city. A preliminary organization was effected two days ago. Thursday S. C. Wilcox, one of the promoters of the organization, received a letter from Mark Hanna in which he refuses to sanction the project. He says: "Senator Allison is well entitled to the hearty support of the republicans of his state, and I cannot consent to be a party to any effort to wage a faction war upon him. All that Major McKinley's friends have asked—and what you as one of his sincere friends should insist upon—is that when the Iowa delegation shall change its vote, if it ever should, it shall vote for McKinley."

### Johnson Will Be Renominated.

Newcastle, Ind., April 3.—Henry U. Johnson received 153 more votes in Henry county than James E. Watson, and under the agreement entered into between the two congressmen he will be renominated at the convention April 16. Johnson carried eleven of the thirteen townships in the county by small majorities. The Watson people refuse to accept the result philosophically, and there is some talk of Watson breaking his agreement with Johnson, which was that the Henry county primary should decide the contest, and making a fight before the convention for the nomination. His friends are advising him not to do this. It is Johnson's fourth nomination for congress and his admirers proposed that he be the republican candidate to succeed David Turpie in the United States senate.

### Tried to Wreck an Alton Train.

Kansas City, Mo., April 3.—An attempt was made Wednesday night to wreck the Chicago and Alton passenger train which leaves here shortly after 8 o'clock for St. Louis and Chicago. Just out of Grain Valley, twenty-five miles east of here, the engineer saw an obstruction on the track ahead. He stopped his train quickly, but not in time to avoid the derailling of his locomotive. It is believed that robbers had calculated on a bad wreck and that it was their purpose to loot the wreck during the confusion which would have followed. Six weeks ago a similar attempt was made in the same locality.

### "Brick" Pomeroy's End Near.

New York, April 3.—"Brick" Pomeroy, the noted printer, editor and promoter, is dying of dropsy at Blythebourne, L. I. His case is hopeless and death is only a matter of a few days. Pomeroy made himself famous during the war while publishing Pomeroy's Democrat at LaCrosse, Wis. He afterward founded a paper at New York.

### LIQUOR LEGISLATION KILLED.

**Manufacturing Law Defeated in the Iowa General Assembly.**

Des Moines, Iowa, April 3.—There will be no liquor legislation at this session of the general assembly. The senate Thursday defeated the manufacturing bill—27 to 22—and the house early in the session defeated the proposition to submit a prohibition amendment to a vote of the people. All democrats voted for the bill and all votes against it were cast by republicans. The result is a great surprise to many members, as it was understood the bill had a clear majority early in the session, and it is said several members have gone squarely back on the pledges given when they received nomination and election that they would vote for a manufacturing law.

Senators Lothrop, Everall, Benson and Waterman made speeches favoring the bill, and Senators Eaton and Berry against. Senator Hipwell offered the democratic liquor manufacturing bill as a substitute and it was rejected—7 to 41—a strict party vote. Senator Carpenter tried to have amendments adopted giving 50 per cent of the voters the power to have permits to manufacture revoked, although the bill required the consent of 65 per cent to obtain permission to manufacture. These amendments were defeated—4 to 32—and a vote was taken at once on the bill.

### SECOND OF THE SERIES.

**Secretary Smith and Ex-Speaker Crisp Cross Swords at Atlanta.**

Atlanta, Ga., April 3.—Six thousand people gathered Thursday night in the big tabernacle to hear the second of the series of joint debates on the currency between Secretary Hoke Smith and ex-Speaker Crisp. The speaking began at 8 o'clock, Secretary Smith having the opening, and speaking for an hour and ten minutes. He concluded his address by painting disaster that would result from the election of a congress and a president favorable to free-silver coinage.

Mr. Crisp was given a rousing reception when he arose. In beginning he said he wanted to say that "Brother Smith," as he referred to the secretary, made as good an argument as he had ever heard in behalf of a cause so intrinsically weak. Mr. Crisp read a letter written by Secretary Smith in 1890 favoring the free coinage of silver, enunciating its declarations with careful emphasis. He also read what purported to be extracts from two speeches delivered by Secretary Smith, one in 1894, in which he opposed the single gold standard, and the other in August two nights ago, in which he advocated the single standard.

The secretary in his rejoinder closed with a defense of the bond issue by the present administration.

### Madison County Is for McKinley.

Alton, Ill., April 3.—The Madison county republican convention was held here Thursday. Resolutions were adopted endorsing McKinley for president, Tanner for governor, W. F. L. Hadley for congress, Truitt for attorney-general and W. A. Northcote for lieutenant-governor.

Paris, Ill., April 3.—The claim made that H. A. Neal and A. H. Jones, delegates to the national convention from the Nineteenth district of Illinois, without instructions, are McKinley men, is said to be unfounded. Both delegates express a preference for Senator Culom, and they declare their intention of supporting him while any chance of his nomination remains.

### May Solve Murder Mysteries.

Niles, Mich., April 3.—A search made by officers in the counterfeiters' den discovered on an island in St. Joseph river, near Mottville, has resulted in bringing to light evidence which will aid in solving the mysterious crimes that have been committed in that vicinity. The most important is the brutal murder of Jonathan Crumbacker, a wealthy farmer, who was killed over a year ago on a public highway by unknown persons. A pocketbook, which was identified as Crumbacker's, was found in the den.

### Silver Crosses at Moline, Ill.

Moline, Ill., April 3.—The Order of King's Daughters and Sons of Illinois is in session in this city in biennial convention. The state secretary's report showed an encouraging condition of affairs. The membership is 3,341.

**L. E. MORRIS TO LEAVE JANESVILLE**

**Valentine Brothers Students Give Him a Gold Headed Cane.**

L. E. Morris has resigned his position at Valentine Bros.' school of telegraphy, and left today for his home in Fremont, Neb., the step being forced by poor health. Yesterday afternoon the students at the school presented him with a gold headed cane.

### \$4.00 Bill.

## TEN LIVES ARE LOST IN A CLOUDBURST

FATAL STORM RAGES NEAR  
BUFFALO CREEK.

**Great Damage Done in Clay and Owsley Counties—Timber Agent A. F. Naff and Five Others are Lost in the Rainy River—Storm Makes Record in Michigan.**

Lexington, Ky., April 3.—[Special]—A cloudburst in Clay and Owsley counties did great damage this morning. The storm raged in the vicinity of Buffalo Creek, and ten lives were lost.

Crookston, Minn., April 3.—Letters received here from Rainy river, on the Canadian boundary, report the death of Colonel A. F. Naff, a United States deputy marshal, and their entire party of explorers, in all probably eight men. They were on their way to investigate reports of lumber stealing by Canadians along the boundary and tributary waters and were ascending the Rainy by sleighs. They are reported to have broken through the ice and to have been lost. Information is very meagre and the only name given is that of Naff, who is a special agent of the government, well known all over the western United States. The letter came from the War Road river, near the mouth of the Rainy river.

**Storm Makes a Record in Michigan.**

Detroit, Mich., April 3.—Returns received from throughout the state indicate that the fiercest storm ever known in April, except the great snowstorm of April, 1886, has been raging the last twenty-four hours. The railroads have been seriously interfered with. The greatest drop in the temperature was at Schoolcraft, where in fifteen hours, with a raging blizzard, the mercury dropped thirty degrees. The same conditions prevail all over the two peninsulas and there is no sign of a let-up.

Voters must make a cross after the name of every candidate for whom they wish to vote. The law on voting straight tickets has been changed.

### CONNELL WAS OUT OF HIS MIND

**Nobody Blamed for the Rich Farmer's Death Wednesday Night.**

The coroner's jury in Justice Richardson's court decided today that Patrick Connell came to his death by exposure while out of his mind.

Funeral services will be held Sunday at 2:30 in St. Patrick's church.

### BENEATH A CLOUD OF SORROW

**Myron Hart**

Myron Hart, of the firm of Hart Brothers, died at his home, 65 North Bluff street this forenoon, aged fifty-three years. The announcement of Mr. Hart's death will double as a great surprise to Janesville people, as he had been sick but one week. But the disease that attacked him but seven days ago—pneumonia—was relentless and death was the conqueror. Besides a wife, three children survive him and to them tender sympathy will be extended in the hour of their crushing sorrow. No funeral arrangements have yet been made.

Funeral of Mrs. Foley.

Funeral services over the remains of Mrs. Catharine Foley were held this afternoon from St. Patrick's church at 3 o'clock. A large gathering of friends paid their last tribute to the beloved woman and the floral offerings were numerous and beautiful. The interment was at Mount Olivet.

Frank Fletcher.

Word has been received in this city stating the death of Frank Fletcher of Minneapolis, brother of L. L. Fletcher of this city.

## FOR BETTER ROADS.

VIDENTLY, Rock county's farmers are realizing the importance of, and the profit in having good roads. The Milwaukee Sentinel's "good roads edition," issued today, has several communications from people in the county, and all are unanimous in the idea that better roads are the crying need of the hour. That there was profit as well as comfort in building them, all seemed to concede. Extracts are made from the papers of Rock county people, as follows:

Good Roads Will Pay.

A. C. POWERS, Beloit.

In a well written paper, A. C. Powers, of Beloit, tells how Rock county road work was done years ago; and how it is done now. He says one of the first requisites towards good roads is a money or cash tax. We do not mean by this to debar any taxpayer from paying this tax in labor if he so elects, but subject to the same rule that governs the common labor. In fact, we would rather have the average farmer, although he is what an experienced contractor would call green. Yet we find that a willing novice is to be preferred to a professional shirk. If you feel that you cannot afford to hire an experienced engineer or road builder, place the best men you have at the head of your road commission, men who have some adaptability to the place. Commence upon your main thoroughfare first, and what work you perform do in a thorough manner with a view to permanency, cutting away hills, filling in low places, building solid and substantial bridges and using the same degree of intelligence and enterprise you would upon your farm, and the success of road making would be assured. Although time is money, yet with this privilege you could afford to be liberal in the amount of your self-imposed road tax. Be it ever so high, the mud tax you are paying is higher.

Bad Roads Cost Money.

"In an address delivered before the National League of Good Roads in Chicago not long since," Mr. Powers article continues, "one of the speakers made the startling statement that in the state of Illinois the money lost to the farmers alone is \$16,000,000 a year. And one fourth of this as the amount lost cities by shrinkage of trade, etc. and we find the amount of \$20,000,000 that is being paid by one state alone for this mud tax. Upon this basis of calculation the total loss of the United States would be \$375,000,000 per annum. At 3 per cent. this \$375,000,000 is the interest on \$1,500,000,000 or nearly one fifth of the entire wealth of the country. "So much for the loss, now for the profit side of the account. We will take Union county, N. J., for one of the first to move in this road reform. In 1800 they bonded the county for \$350,000, which amount has been increased from time to time, until \$600,000 has been expended upon highways in this county alone. The average price of land at that time was \$5 per acre. In 1895 it had increased in value to \$206 per acre against the average value of \$65 per acre for the entire state. Do good roads pay? If this is the effect in New Jersey, will it not apply with equal force to Wisconsin.

Gravel Roads Are Good.

E. GOODRICH, Milton Junction.

Gravel roads are commended by Ezra Goodrich, of Milton, who said: "My father, Joseph Goodrich, the founder of Milton and Milton college, built his house in Milton, before a road was laid out in Rock county. He located it at the crossing of air lines on the map from Chicago to Madison and Janesville to Fort Atkinson. When the roads were surveyed they crossed near his house, and they, with the old house, still remain on their original sites.

"Milton worked its roads in the old way for more than fifty years, and the result has been that after this time the roads were in a worse condition than they were then. The road from Milton to Milton Junction, over dry, smooth prairie, had become impassable for loaded teams a part of the year and was unsafe for light carriages. The town finally raised a special tax of \$500, to gravel this road, with a grade 1 foot thick, 8 feet wide, and 1 1/2 miles long, and it has since been conceded to be the best road in Rock county.

"Milton has since usually voted a special tax of one mill on the dollar

per annum, by ballot, to be expended in graveling its public highways; and in all, has paid a tax of one cent on a dollar for that purpose. It has now gravelled more than twenty miles of road, which are good at all seasons of the year, and it claims to have more miles of good roads than any rural town in the state.

Refuse to Work Roads in Heaven.

"The gravel has been hauled an average distance of about one mile, and has cost on an average 25 cents per cubic yard, on the road. Five yards of gravel to the rod has been the rule, and 400 to the mile the cost, and the roads where gravelled are improved 1,000 per cent.

"Crushed stone at double the cost, of gravel, would be as good a material to use, as a smaller quantity will answer the purpose, and where placed it remains better than gravel.

"The railroads could afford to haul crushed stone at a nominal cost, as with good macadamized roads shipments of country produce could be made over the railroads readily and uniformly as regulated by the laws of supply and demands.

"Milton is trying the system of paying road taxes in cash, and one dollar in money judiciously expended is worth ten dollars in work as usually done under the old pathmaster system.

"There are those who kick alike against paying cash or being required to work when paying road taxes. They like the old way of laying in the shade and telling stories most of the time when supposed to work out their road taxes; and they will never walk the 'Golden Streets,' if required to pay cash, as they will refuse to work on the road to heaven."

Some Plans in Operation.

I. JACOBSON, Clinton.

"We have two road graders in our town and one stone crusher. We have not voted to pay our tax in money, but have enforced the law of 1893 which provides that road taxes shall be paid in cash unless the town meeting votes to do differently. We used the road money to run the grader; the stone crusher has been run from the incidental fund.

We find that we get better results from the cash system; we get about twice as much work done for the same money, and then we have but one system of fixing roads, while before we had as many systems as we had pathmasters.

"Our road tax is the same in amount as before. The sentiment, as far as I know, is favorable to our present system, and I do not think we will ever return to the old plan.

"I am an advocate of good roads, and am fully convinced that paying road tax in cash is the right beginning toward better roads. We have to get at one system to make roads and that, I think, is to macadamize."

A. C. POWERS, Beloit.

"In 1844 the town of Beloit commenced working under the new road law, and although the taxation was not increased a single cent, it is conceded by everyone that we have accomplished more in the two years since its adoption than in any ten years during the old slipshod management. This has proved to us that a cash or money tax is one of the first steps in road improvements. In our case it has worked no hardship to anyone, as we have hired the taxpayers to perform this labor if they wished to, subject to the same conditions that govern other kinds of work, paying \$1.50 per day for ten hours for men, and \$3 per day for men and teams.

"The increased amount of work performed and the improved condition of our roads has stimulated and encouraged very many of our people to that degree that we have had several hundred dollars gratuitously given, and offers of more for the coming season, and the better class of our citizens would not think for a moment of going back to the old system."

C. H. EVERETT, Beloit.

"The town of Turtle in Rock county, where I reside, was among the first of several towns in the state to adopt the new road law and the cash system. The town has two of the improved road graders, and each commissioner is given a certain amount of money; so much road to look after; and the use of a grader. In the selection of laborers the farmers are given a preference and may work out their tax at a stipulated price per day (of ten hours) per day for man and team. Each man receives a receipt at the end of his service, which is accepted at face value for taxes.

"The system is proving very satisfactory to our people and our roads are much better than they were three years ago. I do not think our people could ever be induced to go back to the old system. We know that we have spent enough money during the past forty years to have macadamized every foot of road in that time and until three years ago, there has been little or no improvement."

W. W. SWINGLE, Turtle.

"The town of Turtle owns two road graders, which were purchased with money raised by a levy voted at the town meeting. We are working our roads under the cash system, which we adopted two years ago. We have three road commissioners, who work under the supervisors, and

the condition of our roads has been improved all over the town in a very marked degree. The cash system is very popular in our town, and there is no desire to return to the old shiftless, unbusiness-like way of working roads.

"We have not reduced the tax, but the same levy paid in money goes nearly twice as far when paid in cash and expended under competent road commissioners.

"I wish the League for Good Roads all success in its work in Wisconsin."

SUIT OVER WORK AND GROCERIES

Herman Mattick and C. E. Tanberg Have a Business Disagreement.

The case of Herman Mattick against C. E. Tanberg was argued in Justice Richardson's court this forenoon. Mattick runs a grocery store in the Second ward. Tanberg did some work for him and was to get half of his pay in groceries. Mattick claims that Mr. Tanberg overdraw the amount. Attorney Lawton appeared in behalf of Mr. Mattick while William Byrne represented Mr. Tanberg.

## TOWN TICKETS ARE PUT IN THE FIELD

MILTON'S CAUCUS WAS THE LARGEST EVER HELD.

Men Who Were Selected—President Whitford is Better—Other College Town News—Republicans Chose Their Representatives at Center—Wedding at Evansville.

Milton, April 3.—The republican caucus which was held last Wednesday was the largest ever held in the town of Milton, two hundred and forty-nine votes being cast. The following ticket was placed in nomination:

Supervisors—W. H. Davidson, chairman; P. H. Cole, W. P. Marquart, Clerk—A. Richardson. Assessor—Miles Rice. Treasurer—J. B. Tracy. Justices—F. M. Dyer and W. B. West.

Constables—J. C. Anderson, C. H. Osborn and W. Stockman. Town Committee—W. W. Clarke, J. J. Dennett and A. D. Frink.

President Whitford is improving in health from day to day and hopes to resume his class work soon. Operator and Mrs. Davy did business in the Cream City Wednesday. Superintendent R. W. Taylor of Walworth county, shook hands with Milton friends on Tuesday. The friends of Rev. William Walker will be pleased to hear that the venerable divine is improving in health.

The Milton Cemetery association will hold its annual meeting next Monday, April 6, at 7 p. m., in the office of E. P. Clarke. A general attendance of lot owners is desired. J. C. Plumb, secretary. Miss Anna Tomkins, who has been visiting her sister at Merrill, is now visiting her parents. She will return to her school duties in Milwaukee, Monday. Rev. Victor E. Southworth, of Janesville, will speak at Patrons of Husbandry hall, Milton Junction, Sunday evening, at 7:30 o'clock. The presidential preferences of the voters who cast their ballots at the precinct opened by W. P. Clarke, resulted as follows: McKinley, 36; Reed, 5; Allison, 2; Harrison, 2; Cleveland, 1. Miss Mary B. McEwan, who is a Milwaukee teacher, has been spending her Easter vacation with her parents.

Miss Kate Clarke, who is in very poor health, went to the Penneyer sanitarium at Kenosha Tuesday night. Dr. Randall and Professor P. L. Clarke accompanied her as she was unable to make the journey alone. Mrs. Emmons of Janesville spent Wednesday with friends in this village. The Du Lac literary society, composed of graded school pupils, gave a pleasing and creditable entertainment at the Congregational church Thursday evening. The spring term of Milton college opened Wednesday with good prospects.

THE MEN SELECTED AT CENTER. Republican Caucus Was Held on Tuesday Night—The Nominees.

Center, April 3.—The republican caucus held at the town hall on Friday was largely attended. The candidates named were: Supervisors—W. H. Cary, chairman; George Fellows and Alexander Wiggins. Clerk—Frank Pepper. Treasurer—W. O. Howell. Assessor—S. F. Wallihan. The only one re-elected was Mr. Wallihan, who has been assessor for several years. Mr. Quimby formerly of this place but now of Evansville,

## A WEDDING AT EVANSVILLE.

Everett F. Call and Miss Grace Hopkins are Married—Other Events.

Evansville April 3.—Everett F. Call and Miss Grace Hopkins were married on Tuesday evening, March 31, at the Free Baptist church, Rev. J. C. Steele officiating. Both young people are well and favorably known in this city. Mr. Call has been baggage man at the depot for some time, while Miss Hopkins is a favorite among her acquaintances. They will reside with the bride's mother a short time before commencing housekeeping. They have the best wishes of their many friends. Mrs. Hattie Kowe, once a resident of this city, died at her home in Sun Prairie, March 27. Her many friends here sympathize with the husband and children. Editor M. T. Park, of the Elkhorn Independent spent the first of the week with his daughter, Mrs. E. E. Combs. Mrs. Edith Harrison, of Henderson, Ky., is the guest of her brother Ned Griffith and family. It is said that Ransom Griffin, of Oregon, once a resident of this city will soon move back here. Mrs. Cora Budlong, who is traveling for the Reeve Publishing House, of Chicago, attended the funeral of Mrs. Charles Conine, Monday afternoon. Burdett Smiley is in town this week tuning piano. Mrs. J. Niece, of Sandy Lake, Pennsylvania, arrived Saturday to be with her sister, Mrs. Henry Allen, who is very ill. Mrs. Nettie Thorpe has returned from Janesville, where she has been receiving medical treatment. Mrs. Anna Garlick, of Roscoe, Ill., is visiting her parents, Mr. and Mrs. B. S. Hoxie. Miss Ball, of Poplar Grove, Ill., late of Chicago, is the new trimmer for Miss Sadie Crawford. Watch for the new spring bonnets Sunday. The last few days of severe cold weather has put a stop to the farmers plowing. Misses Mabel and Maude Tarry, of Brodhead, are the guests of Mrs. Gustavus Durner. Miss Allie Copeland is visiting in Reedsburg since Tuesday. Miss Leon Davidson, of Milton, spent a few days with Mrs. D. Van Patten. Winnie Goodnough is home from Waterloo, where he is teaching. Attorney G. E. Newman, of Chicago, called on friends Tuesday. Dudley Smith is the name of the little one born to Dr. and Mrs. C. M. Smith, March 26. Bessie Baker is home from Rockford Seminary. ## Lima Center Gospel.

Lima Center, April 3.—Last Wednesday Rev. Clark loaded a car of goods and went to his new home in Austin, Minn. Mr. Phoenix moved his family to Whitewater last Wednesday, but he will remain in the post-office until our postmistress is better. Mrs. Boss and children came from Janesville last Tuesday to remain with her mother, Mrs. Chapman, for a while. Rev. Jones and wife are visiting friends in this community before departing for their new field of labor. Mrs. Glennan of Milwaukee, visited her parents the first of the week. Mrs. Fred Gould has been enjoying a visit from her cousin who resides in Marinette. They also visited friends in Milwaukee and left for home last week. Some of the sick are on the gain, while for others there is not much hope of improvement.

## Some Clear Lake Happenings.

Clear Lake, April 3.—Mr. and Mrs. Oscar Oleson started for their new home last Wednesday at Delavan where they will go to keeping house after a short honeymoon. Little Clara Price spent Tuesday at Janesville visiting her friend Jessie Burdick. Mrs. Ed Brightman and Inez were callers at Mrs. George Buten's Wednesday. Monday was a fine day and every one was out to enjoy it, but Tuesday and Wednesday turned the tide and it seems more like winter again. There was an exhibition at the river school house last night. It was a wild night for many to attend from this section. Quite a few teachers were seen on our streets Monday and Tuesday on their way to the institute.

## A RELIC OF THE PAST.

Surgical Operations for the Cure of Piles and Rectal Diseases

NO LONGER NECESSARY.

A Medical Discovery Which Will Change the Treatment of All Such Diseases.

It has long been thought not only by some physicians but by the people in general that the common, painful and exceedingly annoying trouble, piles, was practically incurable by any other means than a surgical operation, and this belief has been the cause of years of needless suffering, because of the natural dread of surgical operations.

There are many salves, ointments and similar remedies on the market which afford some relief in cases of piles, but the Pyramid Pile Cure is the only preparation so far introduced that can be reliably depended upon to cure to stay cured, every form of itching, bleeding or protruding piles.

Mrs. M. C. Hinkley of 601 Mississippi St., Indianapolis, was told by her physicians that nothing but a surgical operation costing between seven and eight hundred dollars could cure her as she had suffered for 15 years; yet even in such a case as hers the Pyramid Pile Cure accomplished a complete cure. She says: "I knew an operation would be death to me and tried the Pyramid with very little hope and it is not to be wondered at that I am so enthusiastic in its praise."

Major Dean of Columbus, Ohio, says he suffered for 40 years for piles and 30 years from itching piles and in his case two packages of the Pyramid cured him.

Mr. D. E. Reed of South Lyons, Mich., says I would not take \$500 and be placed back where I was before I used the Pyramid Pile Cure. I suffered for years and it is now eighteen months since I used it and not the slightest trace of the trouble has returned.

The Pyramid Pile Cure is sold by nearly all druggists at 50 cents and \$1 per package and as it contains no opium, cocaine or other poisonous drug can be used with perfect safety.

No one need suffer from piles in any form who will give this excellent remedy a trial. Made by the Pyramid Co., Albion, Mich. Any druggist can get it for you.

A Surprise to All—A Farewell Benefit. W. Tea Vankirk, the original grocer and tea dealer, after a continued and successful career of thirty-eight years on Main street, has decided to retire from the retail grocery business in May next, and offers his excellent stock of staple and fancy groceries for the next sixty days at cost for all choice goods; and many goods needed in the family every day, at much less than cost. This is a rare opportunity at this season of the year, as he offers to sell reasonable bills of all staple and fancy groceries on six months' time for good notes bearing six per cent. interest. Now is the time to buy, and Vankirk's is the place.

Voters must make a cross after the name of every candidate for whom they wish to vote. The law on voting straight tickets has been changed.

Of Interest to Gentlemen.

How about a patent leather shoe for spring and summer wear? Don't you need a pair? If you do we want to show you our new \$5.00 shoe made by Strong & Garfield Co. KIMBALL OPERA COMPANY COMING

They Will Sing to Janesville on Next Thursday.

Manager Mitt L. Berry, representing the celebrated Kimball Opera Company, was in the city today and closed the contract with Manager Stoddard for the appearance of his company in this city next Thursday evening. The celebrated "Corinne" is with the Company, and the troupe has the reputation of being first class.

The Continental Clothing Company left town today.

A man's health is the rope by which he climbs to success. If he can keep his health, he will go on to success. Yet his health is the very thing he neglects more than anything else. It is easier to keep health than it is to regain it. When a man feels himself running down, when he realizes a loss of vitality and energy, he must call a halt. The strands of his rope are parting rapidly. Doctor Pierce's Golden Medical Discovery has helped thousands of men in just this condition. It makes health, it makes pure, rich blood, it forces out impurities and kills germs. It doesn't make any difference what name you call your trouble by—dyspepsia—kidney disease—rheumatism—consumption—skin disease—the "Golden Medical Discovery" will cure it absolutely. None of these diseases can retain hold on the body when it is full of rich, pure blood. Send 21 one-cent stamps to cover cost of mailing only, and receive free a copy of Dr. Pierce's Medical Adviser. Address: World's Dispensary Medical Association, Buffalo, N. Y.

## MET HIS DEATH UP IN MID-AIR

Frank G. Dillman's Head Nearly  
Flayed Off at Milton.

## WINDMILL WHEEL BEAT OUT HIS BRAINS.

Dead Man Was the Pump and Well  
Expert of the Milwaukee Road,  
and Was Making Repairs When  
the Fatal Accident Occurred and the Fans  
Beat His Skull to Jelly—He Fell  
In Front of the Crowd.

While working in mid air, Frank  
D. Dillman, of Madison, had his  
brains flayed out by a windmill at  
Milton this morning.

A few moments later the mangled  
body fell from the tower and landed  
on the ground, before the eyes of a  
horror-stricken crowd.

Dillman was an employee of the  
Chicago, Milwaukee & St. Paul rail-  
way company and had charge of the  
wells and pumps in service on the  
company's lines in Wisconsin, his  
home being at Madison. He was an  
expert workman and was sent to any  
point where there was trouble with  
the water supply, to remedy the  
difficulty. The Milton windmill had  
not been working well of late and  
Dillman was sent to repair it. He  
reached the village this morning and  
at 9:20 o'clock, ascended the ladder  
to the platform under the big wheel.

Wind Broke the Wire.

Dillman climbed through the opening  
in the platform, the mill tower being  
a closed one, and went to work. It is  
supposed that he fastened the big  
wheel in a stationary position, using a  
piece of wire, and went to work to  
repair the defect. The wind was  
blowing a gale, and it is thought the  
wire was broken by a gust, allowing  
the wheel to turn. When the breeze  
caught the fans the wheels began to  
whirl. When of the fans caught Dill-  
man as it came around, and dealt him  
a stunning blow on the head, that  
stretched him unconscious on the plat-  
form. As he lay there senseless, the  
cruel fans finished their deadly work,  
as the swiftly turning wheel struck  
Dillman at every revolution, with  
crushing force. His head was literally  
pounded to a jelly and death soon re-  
leased him from his sufferings. Up to  
this time, people were not aware of  
the accident. No cry had alarmed  
them, and none knew of the fearful  
form in which death had come to the  
mangled man who lay bleeding from  
twenty feet above the ground.

Body Fell Down.

When the Milwaukee passenger  
pulled into the village, the trainmen  
and the people who had gathered at  
the depot saw Dillman lying on the  
mill platform. The people were horri-  
fied at the sight, and almost before  
they had recovered enough to attempt  
to get the body, an extra strong gust  
of wind caught the wheel and sent it  
spinning about at lightning speed.  
One of the fans caught the mangled  
body and pushed it to one side. An  
instant later Dillman came spinning  
through the air and fell heavily to the  
ground. The horror-stricken people  
hastened to the spot where the man-  
gled body lay. It was a gruesome  
sight they saw. Dillman's head had  
been reduced to a jelly, and his cloth-  
ing was littered with his brains that  
had been beaten out and splashed in  
all directions by the whirling wheel.  
The body was picked up and carried  
to the depot and the dead man's fam-  
ily notified of his fearful death. Dill-  
man has a wife and two children at  
Madison.

## THE PEOPLE APPRECIATIVE.

Our Great Reductions Take Well With  
Everybody.

Since our first day of great price  
reductions, which was only yesterday  
by the way, shoes have been selling at  
a very rapid rate. Today we have  
been rushed. When you can buy  
Bannister and Strong & Carroll band  
\$7.00 shoes for \$3.00, or Foster's shoes  
for ladies at the same price and other  
makes of high grade goods for still  
less, the opportunity should not be  
passed by. No shoe in the house (and  
there are over 6,000 pairs), for more  
than \$3.00, and from that down to 75  
cents. It will pay you to stock up  
well on footwear. The stock must go  
at once, and if you have money, no  
matter if it's only a little, we'll fit you  
with a pair of good shoes for it.  
Becker & Woodruff.

## WILL OPEN TOMORROW MORNING

The Boston Store To Commence Business  
on South River Street—Old Annex Site.

J. B. Smith & Co., late of Hammond,  
Ind., whom The Gazette spoke of a  
few days ago, are today moving their  
goods into the store formerly occupied  
by the Annex, on South River street,  
and will have everything in readi-  
ness to open up tomorrow morn-  
ing. The stock is composed of  
groceries and merchandise in gen-  
eral, but the main feature  
of the business will be the grocery  
department, everything in the grocery  
and provision line will be carried  
and the sale of goods at the lowest of  
prices will be the aim of the prop-  
rietors. George F. Winslow has been  
employed and will wait on old and  
new customers with pleasure. The  
Gazette wishes the new concern much  
success.
